# Information Technology

## Capability Summary

Exceeds Expectations. Innovative. Tailored Designs.

### Who We Are

Spencer Cole, LLC: Advanced Engineering Systems Consultants provide Information Technology Management services that have assisted its public and private sector customers reduce cost, streamline processes and re-engineer solutions to improve organizational efficiencies and effectiveness. Our technical experts bring a wealth of experience in lifecycle management, application development and deployment, as well as, an in-depth knowledge of the many federally mandated policies and regulations governing IT.

### What We Do...*We transform the way our customers do business.*

Whether it is working with our clients up-front to define and establish the project plan or mid-development, we will work with you to define project scope, time management/cost constraints, identify potential risks, and all conforming processes inclusive of quality assurance measures.

### How We Do It

*Lean Infrastructure. Preparation. Strategic Analysis. And, a commitment to delivering a quality product.*

We deliver tailored engineering solutions with lasting technical performance—by quickly assessing our clients' needs and expectations and aligning ourselves with our clients' organizational goals to implement highly effective solutions, distinguishing Spencer Cole, LLC as a name you can trust.
