Past Performance

DoD Navy Programmatic,
Engineering & Logistics Support
Scope: C5ISR Lifecycle Support,
Enterprise and Space Applications
\$113.8M 5 Yr ID/IQ

Services & Solutions Offering:

- * Parts Management
- * Components Sourcing
- * Components Releases & Qualifications
- * Component Noncompliance Mitigation
- * Obsolescence Management
- * Obsolescence Monitoring Tools
- * Component Technologies
- * Root Cause & Corrective Action (RCCA)
- * End-to-End Electronic Systems Life-Cycle Support
- * PMPCP Compliance Planning, Management & Enforcement
- * Quality Engineering Reviews
- * Production Line Stoppage Prevention
- * Proactive Component Prohibition Plan

Tools:

- * Spencer Cole, LLC uses proprietary and COTS tools for DMSMS & Obsolescence Management

**Capability to support complete BOM monitoring, FMECA and FMEA studies. Supported Ancillary Skills include: Logistics, Materials, Manufacturing Program Analysts, Quality, Software Engineering and Supply Chain Management. For a detailed list of specific experience*

SPENCER Cole
ADVANCED ENGINEERING SYSTEMS CONSULTANTS

DMSMS & OBSOLESCENCE

Capability Summary

Exceeds Expectations. Innovative. Tailored Designs.

Who We Are

Spencer Cole, LLC is an Advanced Engineering Systems company with significant Components engineering expertise in managing DMSMS and obsolescence issues related to electrical component availability for aerospace and defense clients. Our technical experts bring a wealth of experience in engineering systems design, EEE parts quality requirements for high reliability applications. This experience includes PMP management of military and space grade parts overseen while working on a myriad of missiles, aviation, and land systems programs for private and public sector customers.

What We Do

Spencer Cole, LLC provides DMSMS & Obsolescence Services to commercial and Federal Government organizations. In accomplishment of these services, Spencer Cole employs a multi-disciplined staff of electrical, material, aerospace, mechanical engineers, manufacturing and procurement professionals. Our SMEs bring decades of comprehensive experience in product design and lifecycle management. *Specifically, Spencer Cole, LLC's D&O Specialists are trained in parts reliability, form/fit/function, Root Cause and Corrective Action and developing and executing Components Mitigation plans.*

How We Do It ...with a commitment to delivering a quality product!
